# ARYA HERBAL

Natural Indian Treasures for your Health

## herbal beverages Drakshadi Kashayam

Calming, used to reduce fever; pitta.

### Ingredients

text: ashtangahridayam

Vitis vinifera • Madhuca longifolia • Glycyrrhiza glabra • Symplocos laurina • Cyperus rotundus • Emblica officinalis • Nelumbo nucifera • Santalum album • Andropogon muricatus

To prepare a medicinal herbal beverage, pour boiling water over the powdered KASHAYACHOORNAM and allow steeping for about 15 minutes. The decoctions are usually prepared so that 25 ml of decoction is prepared using 5 - 15 g of KASHAYACHOORNAM. The medicinal properties of the water soluble herbal substances are then fully preserved. The decoction can be diluted with boiled lukewarm water, strained, and served warm, at will after adding honey. The usual dosage is 12 ml of decoction to be taken twice daily.
